## Alf Rendell Photography Scholarship 2018

### Background

Alf is well known in Tauranga; he followed his father (Robert) into photography as a 17-year old school leaver and after serving in the army during WWII, he returned home and ran the family-owned photography business. A business Alf's son also eventually took over from him.

Between 1946 and 1956 Alf had friends who were learner pilots and it was during flights with them that he discovered a passion for aerial photography. These photographs remained unpublished until a few years ago when Alf decided they could be put to better use. Alf's 160-page book 'Tauranga - Historic Tauranga From Above' was published and stocked in local bookstores.

The profit has been donated to Toi Ohomai Institute of Technology in the form of the 'Alf Rendell Photography Scholarship'. Each year one deserving Bachelor of Creative Industries (Tauranga) or Bachelor of Creative Technologies (Rotorua) student with a keen interest in photography will be awarded the scholarship. Students are required to submit a photography portfolio in order to apply for the scholarship.
